Glossary

In the glossary, you can find a list of important terms related to work and life in Germany.

Vocational school

German: Berufsschule

The vocational school is a school where trainees complete the theoretical part of the dual vocational training programme. They acquire vocational and interdisciplinary skills related to the vocational training. Attendance at a vocational school is compulsory for all those completing dual vocational training in Germany. Trainees attend school either on fixed days of the week or in a “block”, lasting several weeks or months. They spend the rest of the time learning in the company.
